

COVID-19 Stadium Guidance

1. You are encouraged to book tickets online to reduce queuing on the day.
2. You are encouraged to make use of the Government supplied Lateral Flow Tests (LFT) and take one before attending. If your LFT is positive, or if you have any doubts about your health, you should not attend.
3. In addition, a COVID-19 symptom self-assessment should take place before you come to the Stadium. (high temp, new continuous cough, a loss or change to sense of taste or smell).
4. You are encouraged to check in using the displayed NHS QR code posters or complete supplied track and trace forms.
5. If you are unable to pre-book, you are asked to make contactless payments where possible.
6. You are encouraged to wear a face mask inside, unless eating or drinking.
7. Please use hand sanitiser or wash your hands upon entry to the Clubhouse.
8. Those with children in tow will be reminded they are responsible for supervising them at all times and should follow social distancing guidelines.
9. Floor markings and posters will advise you to remain at least one metre apart. This includes on terraces and in seated stands.
10. Signs and posters will remind those using toilets of good hand washing techniques and to cough or sneeze into a tissue before binning it safely.
11. We would encourage those fully vaccinated or with negative lateral flow test to download their COVID-19 Pass in the NHS App, in readiness for any change in Government restrictions.
